MASTERCLASS

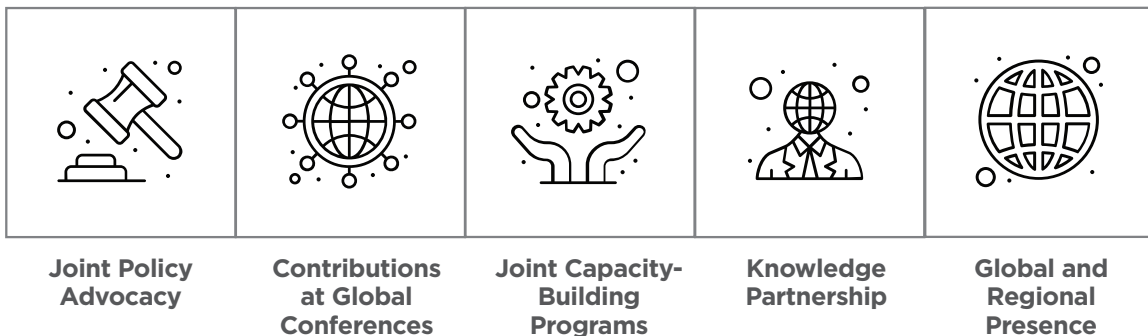

GLOBAL LEADERSHIP AND INNOVATION IN INVESTMENT PROMOTION

12-15 MAY 2025 | MIE2 GENEVA

Welcome to the Global Leadership and Innovation in Investment Promotion Masterclass, an immersive four-day program collaboratively designed by the World Association of Investment Promotion Agencies (WAIPA) in partnership with the World Free Zones Organization (World FZO). This masterclass aims to equip leaders of Investment Promotion Agencies (IPAs) and Special Economic Zones (SEZs) with the skills and insights needed to navigate and influence the global investment landscape effectively. Set against the backdrop of dynamic global market shifts, this program integrates expert-led sessions, practical case studies, and on-site explorations of Swiss innovation and diplomatic hubs to provide a comprehensive understanding of investment strategies, sustainable development, and technological advancements essential for fostering international investments and enhancing collaboration between IPAs and SEZs.

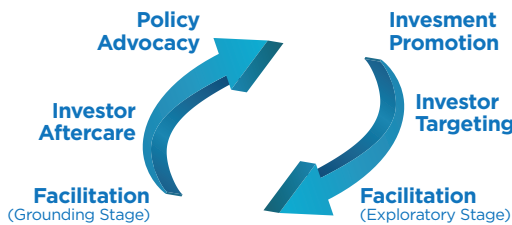

WAIPA and World FZO collaboration -Shaping the Future of Global Investment

WAIPA and World FZO's collaboration empowers investment promotion agencies and special economic zones worldwide through five transformative pillars, driving sustainable growth and global economic innovation. Together, they are shaping a more inclusive and prosperous future for global investment

Expert-Led Insights: Benefit from the global experience and insights of seasoned experts and leaders from multilateral organizations, enriching your understanding of investment promotion.

Investment Lifecycle and Case Studies: Explore the investment lifecycle with 35 case studies, focusing on sustainability, technology, and advanced strategies to enhance your toolkit.

Geneva's Diplomatic Hubs: Explore the iconic centers of international cooperation and diplomacy in Geneva, pivotal venues where global strategies and agreements are shaped.

International Labour Organization HQ Geneva

Palais des Nations, UNCTAD HQ Geneva

Centre William Rappard WTO HQ Geneva

*The specific details of locations are being firmed up with international organizations.

Live Case Assignment: Participate in a 90-day live case assignment to apply course learnings, tackle real-world challenges, and deliver tangible outcomes in investment promotion, sustainability, and innovation.

Swiss Innovation & Investment Zones: Discover the synergy between innovation and investment in Swiss zones, underscoring their role in driving economic and technological advancements. Scheduled visits offer an insightful glimpse into how these hubs meld cutting-edge technology with strong industrial practices, creating a fertile environment for innovation and investment.

DAY 1

Laying the Foundations

Foundations of Global Investment Promotion Unpack transformative leadership, FDI trends, and the evolving role of free zones through expert insights and strategic dialogues. Conclude with an in-depth visit to UNCTAD Headquarters.

DAY 2

Deep Dive into Investment Facilitation, Aftercare, and Sustainability

Investment Facilitation & Sustainability Focus on sustainable investment strategies, investor expectations, and green finance. Learn through a hands-on experience with a lunch & visit to ILO Headquarters, expert-led sessions and live case assignment.

DAY 3

Technology, Strategic Insights, and Live Case Application

Digital Transformation, Reflection & Site Visits Explore how digital transformation is reshaping investment promotion, followed by strategic reflections and a formal certificate handover. Experience immersive visits to Campus Biotech and the WTO Headquarters for practical insights into innovation and global investment facilitation.

DAY 4

Investment & Innovation Exploration Series

Innovation & Industry in Action Visit Meyrin Industrial Zone and CERN to experience cutting-edge innovation and tech transfer. Dive into an insightful reflection about linking research, industry, and investment promotion
