This form needs to be filled for the category: "Contribution to Sustainability & Local Linkages"

## 2. Sustainability & Local Linkages

### (A) Investment Project Specific Questions

2.1 Which specific Sustainable Development Goals (SDGs) does the investment project address? For each SDG, provide a brief one-line description of how the investment project's activities contribute to it. \*

2.2 How does the investment project integrate with local supply chains, and what actions were taken to involve local suppliers? Additionally, describe any activities aimed at building the capacity of the local workforce. \*

Describe the impact on jobs creation; skill development of the local workforce; local business growth, etc.

2.3 How has the investment project influenced the country's trade balance, export capabilities, or import substitution? \*

Highlight the contribution to the increase in export volume / value and/or import substitution; improvement in competitiveness of local industries in international markets, etc.

### (B) Generic IPA Process Related Questions

2.4 Please elaborate on any plans or approaches being followed to ground sustainable investments and help the country/State meet its SDG goals and climate commitments. Include examples of specific initiatives your IPA has implemented or is planning to implement. \*

2.5 What mechanisms are in place to monitor and report on the sustainability outcomes of investment projects? \*

This form needs to be filled for the category: "Excellence in Investment Facilitation"

## 2) Investment Facilitation Details

---

### (A) Investment Project Specific Questions

---

2.1 List the key activities your IPA undertook to support this investment project, in the order they happened. For some of the most important activities, add a short note (one or two sentences) about how the activity helped move the project forward. \*

2.2 Highlight examples of how the IPA introduced efficiencies during the facilitation of this project (made the project process smoother or faster). Focus on actions that that saved time, reduced costs, or made things easier for the investor.

IPA may like to give three examples

2.3 How did your IPA stay in touch with the investor and manage the investment project together? Please list any tools or platforms you used for communication. \*

Elaborate on aspects such as relationship manager, virtual meetings etc

2.4 Describe any risk or challenge encountered during the investment project facilitation process and how the IPA addressed them. What strategies were employed to mitigate the risk?" \*

### (B) Generic IPA Process Related Questions

---

2.5 How does your IPA help investors work with various departments, central agencies, and sub-national agencies in the country or state? Please share specific examples of how your IPA facilitates these collaborations. \*

In many countries, coordination of the IPA with departments can be time consuming and can bring in delays in the investment process. An investor may need to obtain licenses and clearances from multiple departments. Do highlight mechanism such as inter departmental coordination committees, fast track mechanisms, war room etc

This form needs to be filled for the category: "Use of ICT in Investment Facilitation"

## 2) Information & Communication Technology usage

---

### (A) Investment Project Specific Questions

---

#### 2.1 ICT & Technology usage during the lifecycle of the Investment Project

---

2.1.1 - Investor Identification - For the identification of this investor and the investment project. \*

Describe any specific technologies or tools used such as Query Management System; Lead generation ICT tools; IPAs Investible Projects Database, etc.

2.1.2 - Due Diligence Phase - Any ICT tools utilized during the due diligence phase \*

e.g. Geographical Information Systems (GIS) tools for location-decision; Incentive calculators. Other online tools made available by the IPA on the website, etc.

2.1.3 - Tools utilized during facilitation - Any ICT solutions used during facilitation process \*

Describe tools such as single window system for obtaining approvals and clearances; communication platforms such as Zoom or Microsoft teams or WhatsApp; Grievance redressal; project management software and tools were used to coordinate and manage the investment project

2.2 Please specify any unique ICT practice followed during the facilitation of the investment project

### (B) Generic IPA Process Related Questions

---

2.3 Elaborate on IPA's digitization plan or digital transformation strategy. Please provide key highlights. Also elaborate on plans for usage of future technologies \*

Submit a copy of the Digital Transformation Strategy (if any).

**2.4 Does the IPA have a digital system in place for managing investor grievances? If yes, please provide a brief one-line description of the platform. \***

**2.5 Does your IPA have a digital system in place for incentives administration? If yes, please provide a one-line description of the platform \***

**2.6 How does the IPA use data analytics to enhance its services for investors? Are there any specific data tools or systems in place to support decision-making, such as predictive analysis or trend tracking? \***

**2.7 How does the IPA use ICT tools to enhance communication and coordination between the investor and relevant government departments or subnational governments? \***
